

Minnesotans care deeply about our state and want to see one another succeed. When we work together, we get things done.

Melissa understands the challenges facing our families because she is listening and working to find solutions. She knows that when we work together we can strengthen our communities and build a better future for everyone.

Together, we can reduce costs for families, including the cost of health care and prescription drugs. We can fully fund public schools and help our children succeed.

We can take common sense steps to reduce gun violence and improve safety. And we can protect abortion rights and Minnesotans' freedom to make their own health care decisions.

Your vote for Melissa Hortman means she will continue to get things done for us.

Your voice matters! Voting is easy in Minnesota.

Building a Minnesota that works better for everyone

Melissa Hortman is a lifelong resident of the northern suburbs, a mother, a volunteer, a small business leader, our State Representative, and Speaker of the Minnesota House of Representatives. Melissa has dedicated her time to make our community a better place to live, work, and raise a family.

Melissa is continuing her efforts to build a Minnesota that works better for everyone:

- ✓ Providing the largest increase in public school education funding in 15 years, protecting access to all-day pre-K for 4,000 preschoolers in Minnesota, and making significant investments in child care.
- ✓ Protecting Minnesotans with pre-existing health conditions, reducing the cost of health insurance for Minnesotans on the individual market, and passing a sweeping package of mental health investments.
- ✓ Successfully fought for bonuses for the frontline workers who kept our state moving forward during the pandemic despite the risks.
- ✓ Protecting abortion rights and ensuring Minnesotans have the freedom to make their own health care decisions.
